Valerie,

✓ 3-28

I have sent the three spreadsheets to the group members in Neuchâtel for feedback. With respect to me, there is one professional membership that I completely forgot; namely, my membership in the International Society of the Built Environment.

One other comment. I notice that Mitch has put down his membership in the "Active Ashtray Task Force." Since this is an task force internal to PM, I am not sure that it belongs on this list.

Thanks and all the best.

Ted

Subject: Third Party Information

Attached is a compiled workbook of third party information. Please let me know if you have any additions, changes or revisions.

Please note that there are three separate spreadsheets contained in the file.

Thanks,
Valerie
